About Me..

Hi! I'm Kristie. I'm passionate about making your day all about you! From getting to know you during your pre-consultation, to the engagement session and beyond your wedding, when you welcome your first child. We quickly become friends and I love it!

Having been a professional photographer for 10 years now, I share my passion of photos with an equal passion for Nursing and Midwifery for over 23 years.

I have 2 children, Ryan 16 & Tara 13, husband of 19yrs Scott and a fluffy puppy, Ralph.

I cannot wait to share your special day with you – from you getting ready, to you walking down the aisle and leaving as a married couple.

Let's chat about how together, we can make your magical day an even better one with stunning photos that capture your love and adoration for each other.
